MAGIC BOSS™

RV CARE PRODUCTS

NEW**MOLD & MILDEW REMOVER****MAGIC BOSS™**

After having problems with Mildew Remover generating gas and causing the bottles to overflow, we are happy to announce that a solution has been found. By modifying the manufacturing process coupled with changing the bottle to a solid colour, we have been successful in eliminating the problems which caused the bottles to leak. The formula for the product itself has not changed so it works to control mildew as before.

#1000 (995 ml) • #1004 (4 liter) • #1020 (20 liter)

**MILDEW QUICK ACTION REMOVER****MAGIC BOSS™**

We have developed a product to answer customer requests wishing to obtain an efficient mildew remover that performed rapidly and equivalent, even superior, to the most popular American products. Our Mildew Quick Action Remover is just what you have been waiting for.

#2100 (995 ml) • #2104 (4 liter)

**TIRE SHINE****MAGIC BOSS™**

The 2010 season will see the introduction of our new Tire Shine product. The product will resist the various weather conditions such as rain, snow and sun, protecting the tires and making them look shiny and new by giving them a wet look. It also works well with plastics. It will be useful and much appreciated product. Most car dealers apply this type of product to tires before delivering to customers. It will last for days, even weeks.

#2200 (995 ml) • #2204 (4 liter)

**SLIDE-OUT LUBRICANT & PROTECTOR****MAGIC BOSS™**

Our new Lubricant & Protector is available in an aerosol can and formulated to protect and lubricate the rails on the Slide-Outs of recreation vehicle. It protects the rails against corrosion and eliminates the friction without using any ozone depleting CFC's as a propellant.

#2300 (369 g)

**RUBBER SEAL CONDITIONER****MAGIC BOSS™**

In order to help eliminate deterioration or cracking of the rubber seals on slide-outs and storage bay doors, and to eliminate the friction during opening and closing, BOSS Technology has developed a Rubber Seal Conditioner without any petroleum derivative, that cleans and conditions. Thus, prolonging the life of seals and protecting them against UV rays. Finally, it will leave a light water-repellent film compatible with all rubber seals and adjacent surfaces preventing sticking without using any ozone depleting CFC's as a propellant.

#2400 (350 g)

**SHOW ROOM SHINE****MAGIC BOSS™**

This revolutionary new product is good for all types of vehicles and will please the end users. The formula uses a new hydrophobic technology which enhances the wax protection already in place and will provide additional shine. It can be used regularly to eliminate all kinds of dust and dirt. It is offered in an aerosol can which is quick and easy to use and the finish will last for several washings. It is so easy; it takes only 10 minutes to shine an entire van.

#2500 (480 ml)

**DEOXIDISER & WAX****MAGIC BOSS™**

For more than four years, we have collected many excellent comments from our dealers about our different waxes. An area of concern that was constantly brought up was how as the Recreational Vehicle ages the outside fiberglass walls tend to lose their shine due to oxidation. Because of the requests from our dealers and end users, BOSS Technology has developed this Deoxidiser & Wax. It can be applied either mechanically or manually, depending on the degree of oxidation. This product contains a wax that will help restore the finish to its original shine and lustre.

#2600 (480 ml) • #2601 (995 ml)
